CORDLESS BACKPACK VACUUM

RANGER ONE

A commercial-grade cordless backpack dry vacuum built for stairs, seating, transport and other spaces where cables slow the job down.

75 min

MAX. RUNTIME

22 kPa

MAX. VACUUM

POWER THAT TRAVELS

Up to 75 minutes from one 25.2 V, 13 Ah battery.

CLEANER EXHAUST AIR

Four-stage HEPA H13 filtration captures fine particles.

SHARED BATTERY

V25 battery compatibility shared with Artist 1

FREEDOM WITHOUT SACRIFICE

CORDLESS | HEPA H13

READY TO CUT THE CORD?

BUILT FOR THE PLACES WHERE CORDS SLOW YOU DOWN

Move freely through stairs, fixed seating, narrow passages and vehicle interiors with a professional backpack vacuum engineered around the operator.

400 W

brushless motor

22 kPa

max. vacuum

38.5 L/s

max. airflow

<67 dB

noise level

6 L

dust capacity

ENGINEERED AROUND THE OPERATOR

V25 POWER SHARING

Hot-swap 25.2 V, 13 Ah batteries and share the same platform as Artist 1.

HEPA H13 FILTRATION

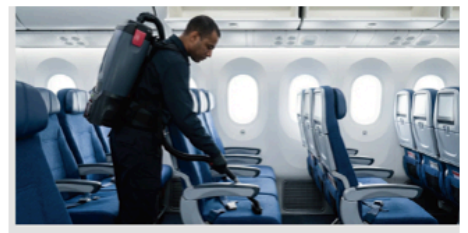

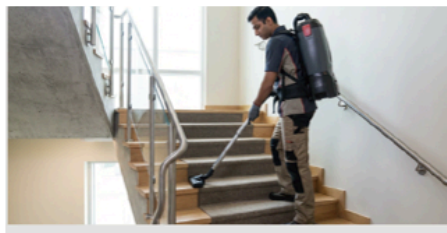

Four-stage filtration captures 99.97% of particles down to 0.3 microns.

ERGONOMIC HARNESS

A professional backpack harness supports mobile work across longer cleaning routes.

AMBIDEXTROUS HOSE

Connect from either side for easier access in stairs, rows and tight corners.
